MISCELLANEOUS.

DB. HAAS, having leased the rooms formerly cocupied by Dr. Kivett, in Dr. Bray's building, opposite the Post Office, for a series of years, would respectfully solicit the citizens of Evanoville and the surrounding towns and country, to visit his rooms and see the specimens on exhibition, whether they need the services of a Dentist or not.

Since the issuing of his last circular and advertisement, over a year since, several improvements and new inventions have been made, of which he has availed himself, and allows nothing that will subserve the interests of his patients, to pass unsecured. His facilities are better and establishment larger, without doubt, than any other in our State, and equal to any in Eastern cities. All those who need Dental operations performed, and are pleased with his work, shall be attended to with goost pleasure.

The following are the styles of work manufactured by him:—Continuous Gum; Block or Carved Work; Yulcanite Base; Coralite; Amber; Cheoplastis; Gold and Silver work.

Nething can excel the beauty and cleanliness of the continuous gum work. It is without a same the continuous gum work. It is without a seam or crevice. Cheeks that are sunken can be restored to nearly their original contour by this style of work, and also by the use of the Vulcanite, Coral-ite, and Amber Pass. The latter styles, for light-ness and adaptation to difficult menths, excel any-

Those having decayed teeth, should either have them extracted or filled at once (the latter if pos-sible). The health of the parties and the remainsible). The health of the parties and the romaining issett demand this.
